

## Process and Techniques of Painting with Koi Water Colors Pocket Field Sketch Box

### Koi Water Colors™

### Travel Watercolor Kit Enables ANYTIME-ANYWHERE PAINTING

### Process of landscape painting

1 Separate light/dark parts with two light/dark yellow colors as undercoating.

2 On yellow undercoat, paint blue colors on sky, a hill, a building and trees. By painting blue on yellow, can make clear green.

3 Paint a red color on the roof and wall of a building, a deep green color on trees. By applying various colors, appear the depth of colors and solidities.

4 Completion: Applying finishing colors on each part. To adjust entire light-dark, make light parts lighter and dark parts darker.

### Techniques of watercolor painting

**Wet-on-Wet**  
Wet a paper with a brush which includes only water, and add colors before the paper dries.

**Wet-in-Wet**  
Before the color firstly painted dries, drop a color with different color tone and depth, and bleed colors.

**Lift-Out**  
Before a color dries, wipe off a color by tissue. Clouds and so on can be expressed.
